

2019 Korea Future Education Fair

Event Overview

Title → 2019 Korea Future Education Fair

Slogan → Education 2030, A Future Built Together

Date → October 23 (Wed) – 26 (Sat), 2019 (For four days)

Place → Exhibition Center II (Halls 6–8) & Meeting Room in KINTEX, Ilsan

Host → Ministry of Education, Presidential Council on Education

Purpose

A variety of changes in our society through the Fourth Industrial Revolution requires changes in the Korean education system. Now, it is time to discuss the paradigm of the Korean future education system. The Ministry of Education together with the Presidential Council on Education will host the 「2019 Korea Future Education Fair」 on 23-26 October, 2019, Goyang-si, Gyeonggi-do, Republic of Korea. This event will present the direction and tasks of Korea's future education system, including future schools, curriculum, ICT materials, etc.

The Korea–OECD International Education Conference

KINTEX, Ilsan, Republic of Korea
October 23 (Wed) - 25 (Fri), 2019

Education 2030, Building a Better Future Together

Overview

The Presidential Council on Education as well as the Ministry of Education, National Council of Governors of Education, and government-funded research institutes of the Republic of Korea (herein after referred as to the Government of Korea) will host the Korea–OECD International Education Conference in cooperation with the OECD on 23–25 October, 2019, at the Korea International Exhibition Center (KINTEX) in Goyang-si, Gyeonggi-do, Republic of Korea. The conference's theme is “Education 2030, Building a Better Future Together,” and the direction and tasks of Korea’s future education policies on a global level will be explored while raising awareness and consensus within the Korean community about the topic. The discussions and presentations delivered at the conference are expected to provide meaningful policy implications for future Korean education system. In conjunction with the conference, OECD Education 2030 Informal Working Group(IWG) meeting will be held together with an educational exhibition which will introduce the various field innovations in Korean education, offering participants a chance to experience and become part of such innovations.
